

PRODUCT DESCRIPTION

Transform the look of your existing flat-screen TV with an Eclipse™ and turn it into a sleek, modern mirror that reflects the beauty and luxury of your living space. Our innovative Iris® glass technology provides a crisp, clear image when the TV is on, and makes it vanish when turned off — perfect for lobbies, conference rooms, guest rooms, and homes.

SPECIFICATION STATEMENT

Solution shall consist of a framed, corrosion-resistant mirror that disguises a flat screen television when the TV is off, but allows the TV screen to illuminate through the glass when on. Mirror shall use Iris® glass to offer the brightest and highest transmission quality while providing minimal glare. Solution shall accommodate slim, tilting and swiveling 3rd party wall TV mounts. Installed product shall not void flat screen television's warranty.

THE ELECTRIC MIRROR ADVANTAGE

- ☑ Global mirror technology leader for over 20 years
- ☑ More installations than all competitors combined
- ☑ Realistic warranty you can believe in and trust
- ☑ Lowest total cost of ownership
- ☑ U.S. based customer service support
- ☑ 125,000 square foot American manufacturing facility
