### INSTALLATION

Drain should be installed first.

DROP-IN: Cut opening large enough for the sink to be "dropped in" to countertop. Clips or other installation method must be provided by the fabricator/installer.

Use 100% silicone to adhere sink to countertop. Clean any excess silicone from sink surface.

### CARE

Mild soap and water for everyday cleaning. Avoid using harsh chemicals or abrasives, as well as anything acidic, such as vinegar or citrus, which will etch marble. A stone sealer should be applied once or twice a year to maintain the marble. Sealing repels staining agents, but doesn't make marble stainproof.

### WARRANTY

Linkasink warrants our product to be free from manufacturing defect for the life of the product. Warranty does not cover improper care, neglect or abuse.
