

**Optional/Optionnel/Opcional:**

- Mortar cement/Mortier/Cemento mortero
- Shims/Cales/Cuñas
- Furring Strips/Tasseaux/Listones de ensasar
- Drop cloth/Toile de protection/Lona

**Record your model number below for future reference:**

Observe all local building and plumbing codes.

**Consigner le numéro de modèle ci-dessous pour toute référence ultérieure:**

Respecter tous les codes de bâtiment et de plomberie locaux.

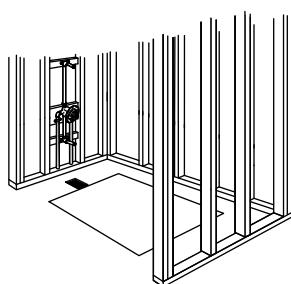

**Anote abajo su número de modelo para referencia futura:**

Cumpla todos los códigos locales de construcción y plomería.

**4 Staple the felt pad, if provided, to the subfloor so it will contact all the support feet.**

Agrafer le tapis en feutre, le cas échéant, sur le sous-plancher de manière à ce qu'il touche tous les pieds d'appui.

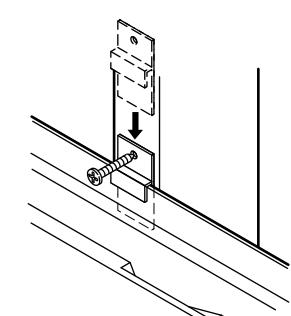

Engrapar el protector de fieltro, si se provee, al subpiso, de manera que pueda hacer contacto con todas las patas de soporte.

**9 Install plastic attachment clips at all remaining stud locations.**

Poser des attaches de fixation en plastique à chaque emplacement restant des montants.

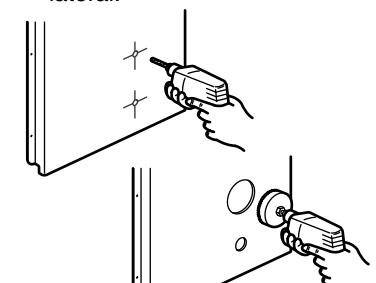

Instale los clips de sujeción de plástico en todas las ubicaciones restantes de postes de madera.

**14 Sterling Wall Set:** Measure, mark, and drill the faucet holes in the end wall.

**Ensemble de paroi murale Sterling:** Mesurer, marquer et percer les orifices de robinet dans la paroi d'extrémité.

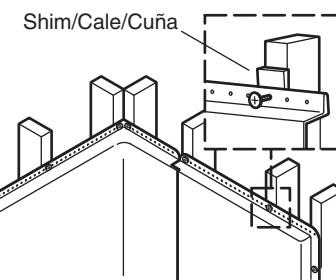

**Juego de paredes Sterling:** Mida, marque y taladre los orificios para grifería en la pared lateral.

**19** Secure the walls to the studs along the top. Use shims as needed.

Fixer les parois aux montants le long du haut. Utiliser des cales selon les besoins.

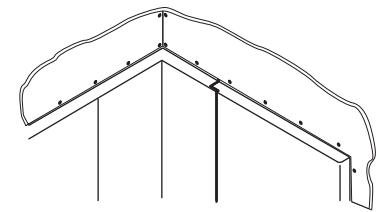

Fije las paredes a los postes de madera a lo largo de la parte superior. Utilice cuñas cuando sea necesario.

**20** Cover the framing with water-resistant wallboard. Install the finished wall material.

Couvrir l'ossature de panneau mural hydrofuge. Installer le matériau de la finition murale.

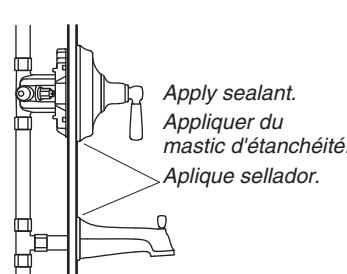

Cubra la estructura de postes de madera con panel de yeso resistente al agua. Instale el material de acabado de la pared.

**21** Install the faucet trim and accessories, and seal where they contact the wall panels.

Poser la garniture de robinet et les accessoires et appliquer du mastic d'étanchéité à leurs points de contact avec les panneaux muraux.

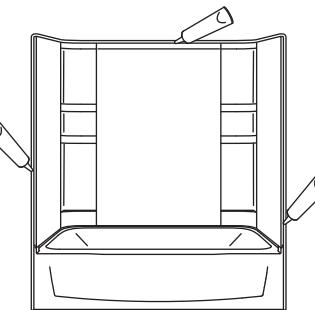

Instale la guarnición de la grifería y los accesorios, y selle donde hagan contacto con los paneles murales.

**22** After painting, apply 100% silicone sealant where the unit contacts the finished wall.

Après avoir peint, appliquer du mastic 100% silicone aux points de contact avec le mur fini.

Después de pintar, aplique sellador 100% de silicona donde la unidad hace contacto con la pared acabada.
